SANUM Meridian Therapy

Tinnitus

by Dr. med. M. Al-Haj

The Therapy of Tinnitus

A. Injections in the following SANUM acupuncture points with:
MUCOKEHL one amp. + FORMASAN one amp. + NIGERSAN one amp.

Potentiation of MUCOKEHL/NIGERSAN (5X-7X) at the therapist's discretion.

Abbreviation	Designation	Localization
G 20	Wind-Pond	At the lower occipital edge close behind the Processus mastoideus.
KS 6	Inner Boundary	In the palmar centerline of the lower arm, 2 cun above the middle of the carpal joint.
DÜ 3	Posterior Canyon	A closed fist forms a skin fold on the little finger lateral to the metacarpophalangeal joint; DÜ3 is situated in the fossa thus formed proximally to this skin fold.
PaM 13	Off-Meridian Point	Behind the mastoid process, 1 cun dorsal from 3E17 (Yi Feng).
B 64	Main Foot Bone	On the lateral edge of the foot, proximal to the Tuberositas ossis metatarsalis V.

Suggested therapy - Twice weekly, 0.2 to 0.5 ml injected s.c. per point.

B. Autologous Blood Treatment
0.5 ml autologous blood + GING-KOBAKEHL 1 amp. + NOTAKEHL 1 amp. injected i.m. at the non-acupuncture days, repeated 10 times.

C. Medicinal Adjuvant Therapy

- LEPTUCIN 6X and UTILIN 4X (capsules): take one capsule every 3rd day in alternation.
- SANKOMBI drops: rub 10 drops daily on mastoid.
- If necessary, place a cantharidin poultice behind the ear.
